

## Champion Tip-up Seat

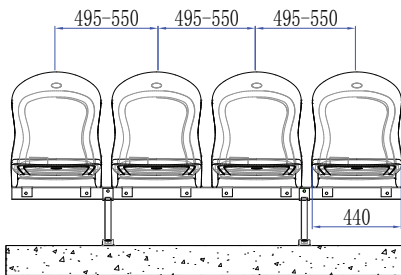

## Champion Tip-up Seat

The CHAMPION is a high quality, tip up seat with a steel internal frame. The modern styled, ergonomic seat shell provides a high level of comfort and durability, designed and developed for use in fixed stadium style seating applications. The CHAMPION is a functional choice for educational precincts and indoor sporting arenas.

The CHAMPION back is fixed; the base is manually lowered by the user and automatically closed when the seat is vacated.

The CHAMPION is available in 460 mm width and can be set to seat centres of 480 - 500mm. Each seat is individually mounted on a powder coated beam and is available in floor and riser mounting for fixed stadium seating or manual and semi-auto folding on retractable platforms.

The CHAMPION has backrests and bases manufactured from heavy duty poly-ethylene (HDPE) and are available in a choice of 16 modern colours to suit your school, club or existing décor.
